Transcript of deposition, 7H217-227. (Pp. 116-151. I have copied only pp. 116, 124, and 151. The only nontrivial difference from the printed version is on p. 124 (7H219). The original read "That is when I went in this Chief Lumpkin's sedan. /We might shake down the boxcar that was sitting at the rear there, and/ I went in and searched this boxcar out ...." The first sentence was replaced by hand by "Chief Lumpkins (printed as Lumpkin - P.H.) told me to search out a caboose to a train that was parked at the rear of the building." The material between "/"'s was not marked out, but not printed. Turner did not go over the transcript, so I guess the change was made by the reporter, Helen Laidrich, from her notes or tapes.

Carter, Cliff

Puterbaugh, Jack
(GRS has; not sent)

I copied only the 1 unpublished page, and 3 pp. of the Turner deposition.

The various published statements from CD 3 are stamped Confidential; the declassification stamp is dated 8-12-65. The deposition transcript was originally Top Secret; the declassification stamp is dated 12-1-69.

These name files are pretty incomplete, I guess. Have the CD indexes been checked? (If not, maybe JNS could do it.)
